

Gleneagles

Interventional Radiology
Institute (GIRI)

Gleneagles Hospital
RICHMOND ROAD, BENGALURU

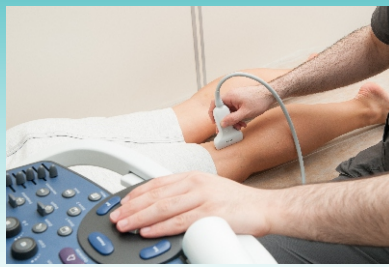

Introducing Our New Center

Gleneagles Hospital on Richmond Road is proud to announce the launch of the Gleneagles Interventional Radiology Institute. This standalone center specializes in minimally invasive, precision treatments for a wide range of medical conditions. Our aim is to establish a high-impact, digital-first campaign for the launch, followed by a sustained digital presence to ensure ongoing visibility and engagement.

Key Services for Direct Patients

- All Peripheral Venous Access and Central Line Access Including PICC Line Access
- Angiograms
- Angioplasty
- AV Malformation Treatments like Sclerotherapy and Embolisation including Paediatric Cases
- Biliary drainage and stenting
- Central venous access for dialysis and chemotherapy
- Chemoembolisation and Radioembolisation for liver tumors
- Cryotherapy Of Breast Lesions- Embolisation for various forms of GI bleeding
- Embolisation in hepatic arterial and venous injury
- Embolisation of vascular malformations
- Embolisation Procedures For Various Diseases in selected Cases For Eg ; In Piles
- Embolisation procedures in high-risk pregnancy
- Fallopian tube recanalisation

- Fistuloplasty
- Hepatic vein stenting
- Liver Cancer Diagnosis And Treatments Like Biopsy, Ablation, TACE And TARE
- Liver Diseases Treatment Like PTBD, Biliary Stenting, Hepatic Vein Stenting, TIPSS, BRTO
- Mesenteric angiograms
- Nephrostomy and ureteric stenting
- Neurology Procedures Like Planned Carotid Stenting, Aneurysm, AV Malformation Procedures, Congenital Disorders Etc.
- Oesophageal dilatation and stenting
- Ovarian vein embolisation
- Pain Management Including Knee Pain Treatments Like Ablation And Geniculate Artery Embolisation
- Peripheral Angiogram, Angioplasty And Stenting
- Prostate Artery Embolization
- RF ablation for liver tumours
- RF ablation for palliation in various forms of cancers- SMA stenting
- Thyroid Ablation
- TIPSS (Transjugular Intrahepatic

Portosystemic Shunt)

- Uterine Fibroid Ablation And Embolization
- Varicocele embolisation- Varicose Vein Treatments
- Vascular stenting
- Venoplasty
- Venous Sampling Like Adrenal Vein Sampling

Supporting Hospitals with Specialized Services

- Liver cancer diagnostics and treatments such as biopsy, ablation, TACE, and TARE
- Treatment of liver diseases including PTBD, biliary stenting, hepatic vein stenting, TIPSS, BRTO
- Peripheral angiogram, angioplasty, and stenting
- AV malformation treatments like sclerotherapy and embolization, including pediatric cases
- Fistuloplasty
- Comprehensive peripheral venous access and central line access, including PICC line access
- Venous sampling such as adrenal vein sampling
- Embolization procedures for various conditions, e.g., in piles
- Neurology procedures including planned carotid stenting, aneurysm treatment, AV malformation procedures, congenital disorders

Our team is led by

Dr MC Uthappa

Director, Interventional Radiology
& Interventional Oncology
Gleneagles Hospital,
Richmond Road, Bengaluru

Our Expert Team

Dr Uthappa has authored over 40 publications in peer-reviewed journals. He has been a regular speaker at national and international conferences since 2008 and serves as an international proctor for TARE and a national proctor for TIPSS procedures.
